Some key elements of the reader are highlighted in the above image:

- Use the arrows either side of the page to leaf through the book.
- Use the single and double page icons to switch between those two views. Many of the Big Cat books are best experienced using the double page view.
- Use the zoom function as required. The "Fit to width" option helps you to make best use of your screen
- For longer books, you can use the Table of Contents in the left hand menu to navigate.
- Don't worry about remembering where you left off. When you next open the book, you will start from where you left off.

Audio

Where audio is available, the audio icon will appear in the top right corner. Click this to launch the audio toolbar (shown below).

The words will be highlighted as the audio plays. You can pause the audio at any time, and adjust the volume. The finger icon in the toolbar allows you to point at any word, and the audio will begin playing from there. To dismiss the audio toolbar, simply click the cross icon.
